CARE & CLEANING

As per most linen fabrics textiles can be washed. Cushion covers, towels, curtains etc can all be laundered very easily dependent on size and make-up. We recommend a warm water cycle with 1/2 the soap and an extra rinse. Use of a softer soap is recommended, one that is generally used for finer fabrics. Stains can be attended to locally but remember to rinse out all excess soap. These textiles can also be dry cleaned and spot cleaned effectively. While you can use a dryer, you will likely experience some shrinkage due to heat. We recommend a hang dry and an air or warm cycle in the dryer to soften the fabric.
