CURTAINS & LIGHT UPHOLSTERY

HERRINGBONE DRIFTWOOD/ FLAX

Herringbones are a classic linen weave. Originally derived from.... you guessed it, the bones of a Herring, truly, this pattern offers a beautiful cadence blending a diagonal theme into subtle striping. This collection offers herringbones in several weave sizes and weights and assorted finishes. Each is described individually with their recommended usage listed.

FABRIC DETAILS

This reversible herringbone reads natural flax on one side and driftwood on the other. This fabric is perfect for curtains, shading and soft pillows as well bedding acccesories.

DOUBLE RUBS	22000
OPACITY	opaque

CARE & CLEANING

General Linen cleaning principles apply. All linens are fully washable, but with care and attention to the end use. Frequent washing of end product means you should prewash the fabric before make up. Avoid the dryer, linen will shrink when dried under too much heat. Spot washing should be carried out carefully using very diluted soapy water making sure to rinse out as much soap as possible. Linen can be hung to dry and can also be dried in the dryer but gently. Regular maintenance helps, curtains and sofas should be vaccuumed from time to time, cushions laundered and bedding treated as all bedding should; washed regularly with half the soap and double the water, so make sure you run an extra rinse cycle. Linen loves water but do treat it with love and care.

RECOMMENDATIONS

LINING	any
THREAD	50 to 80 weight Guterman Mara
STITCH LENGTH	between 2.5 to 4 mm
NEEDLE SIZE	80/12 to 100/16
SEAM	regular seam, topstitched, serged finish.
