SHEERS & FILTER CLOTHS

HEATHERED SHEER MARBLE

Heathered Sheer is a contemporary take on our popular linen sheer, offered in colours that suit a contemporary setting. Heathered Sheer is constructed from a multi-tonal marbled yarn that creates a visual texture throughout the fabric and is very attractive both as sheer curtains and as shading.

FABRIC DETAILS

Marble is a warm neutral sheer, with light and dark flecks peppered throughout the textile. This particular sheer offers a beautiful warmth and softness and will complement warm woods, cozy textures and generally fits well into any decor where a warm to neutral light filter is desired.
